HEALTH DEPARTMENT ISSUES CANAL WATER WARNING –LAKE CLARKE SHORES

Lake Clarke Shores, FL –The Palm Beach County Health Department is asking residents of Lake Clarke Shores and the area South of Summit and east of Florida Mango to avoid the canal waters for irrigation, boating and fishing through the weekend.

On Thursday evening a quantity of raw sewage was illegally dumped in a canal near Florida Mango and Forest Hill Boulevard and on Friday two other locations where raw sewage was dumped were discovered in the same vicinity.

The Town of Lake Clarke Shores has removed much of the sewage and the remainder is being monitored for dissipation, which should occur over the next two days.

Persons seeing any suspicious dumping of sewage in the area should report it to the Lake Clarke Shores Police Department.
