HEALTH DEPARTMENT UPDATE  
FLU VACCINE

At this time the health department clinics have accepted as many appointments as they can accommodate through December for flu vaccine. We are working with our community partners and doctors to evaluate the status of their supplies and anticipated delivery dates. Please monitor the news media or call 211 for updates as to when and where the flu vaccine will be offered in our area.

Priority for flu shots will be given to the following.

- Persons aged 65 and older
- Long term care patients
- Persons aged 2-65 years with chronic health conditions
- Children 6-23 months of age
- Pregnant Women
- Health Care Workers involved with direct patient care
- Household contacts and out of home caregivers of children under 6 months of age
